Dear Bob :

This is strictly an informal note - the formal report will follow when I have something to report. The other members seem to have lots to send back, so I am kept busy putting my initials thereon.

First of all, we are all getting settled down in our personal lives. We have all permanent quarters except Maxine. She is trying to move in a flat near some friends of hers and waiting for the vacancy. We have

arrangements made for our household effects.

Secondly, we are all happily integrated. Most of my time is spent getting [REDACTED] messages up to [REDACTED] office for transmittal. In between times I am supposed to edit the Fortnightly Intelligence Digest, do some scanning, attend the weekly meetings, and still play Chaplain! A.T. is deeply engrossed in his [REDACTED] (with

still play ~~cooper~~ [redacted] (with  
assignment. incidentally, [redacted]  
whom A.T. works directly) will be in D.C. in mid  
October on meetings with G-2 and A-2. [redacted]

October on meetings with G-2 and A-2. [redacted]  
would like to meet counterparts in R.R. He has been  
fine to us so give him a red carpet. [redacted]

is up to his neck and doing a good job.  
has the swank quarters of the crew (thanks to  
and is getting things well under control. Machine is  
swamped with work and delighted with every minute  
of it. So the jobs go well!

Thirdly, the people themselves treat us like 25X1A9a

is throwing for us, members with whom we work,  
and [redacted] and  
3 get on famously. The same with [redacted] but perhaps  
he will report on it while he is in D.C. The only  
problem on working relationships is, the lack of girls  
with whom [redacted] can compare girlish notes. However,  
even that problem is being resolved now that [redacted]  
girl is back from "holiday".

I think this all may give you an idea of  
the pleasant tenor of our lives. Best damn spot any  
of us have been in for a long time. Thanks! We  
are satisfied both with our official and personal lives.  
And I feel the Team is starting successfully. If they  
could only get some work out of [redacted]. But when  
winter comes and [redacted] no longer appeals to the  
visiting foreman, I will be able to devote my time  
to appropriate details.

My best to you and if you worry about  
us, cease such trivia until we send more reasons  
for it. And my love to your girls. I miss them  
all! Also, to Larry, John, and your morning  
round-table greetings! Ave atque vale!

Sincerely,  
Jim

By the way, do you  
have any problems to  
refer to the Chaplain?
